### BLACK MARBLE LOUIS-PHILLIPE MANTEL CLOCK

The elegant sober lines of this large mantel clock give it a very contemporary look and you wouldn't immediately guess that it was mid-century-mid 19<sup>th</sup> century that it is! It has black roman numerals on a white clock face. The clock works but may need to be adjusted for up to the minute time!

Height: 14 5/8"

Width: 12 1/2"

Depth: 6 1/2"
