

TIMOTHY CORRIGAN

#1579

Biedermeier Style Lyre Secretary

The lyre shape of this secretary gives it a strong, almost contemporary sculptural feel. A gallery at the top and two side sections provides a bit of extra detailing to the piece that makes it beautiful when it is closed. When the desk-top is lowered a useful mix of drawers and shelves make it extremely practical. The perfect desk for any room that needs utility without sacrificing an ounce of style! Denmark, early 20th century.
