Pair of Bagues style Crystal Parrot Table Lamps

This extraordinary pair of crystal table lamps in the famous parrot design is finished on both sides so that they can be placed on center tables or in front of a mirror without concern about showing the back of the lamp. The delightfully curved gilt metal plant tendrils and crystal leaves make the entire lamps sparkle. These lamps would be perfect in the most refined living rooms or powder rooms or proudly placed on a dressing table. France, mid 20th century.
