### French Mahogany Console Table of Empire Style

This console table features a base carved with Ancient Egyptian caryatids. A white marble top sits atop a frieze carved with palm leaves and lotus leaves. A handsome piece with dark mahogany contrasting beautifully against the bright white marble. It would make a wonderful backdrop to display your most important treasures in an entryway or a hallway.

The marble top has two small sections along the front edge that have minor losses, roughly 1/2" and 1". Mahogany is in excellent condition.
