

TIMOTHY CORRIGAN

#3100

South European Giltwood Console Table, Italy or Spain

This wonderful table from the 18th century has a gorgeous alabastro fiorito marble top, which sits above a delicately pierced foliate frieze hung. Laurel garland swags drape across the front between tapering legs joined by an X-form stretcher which is surmounted by a covered urn. Placed in an entryway or any living space beneath a mirror, it would create the perfect backdrop for a lamp, a collection of framed photos, or any grouping of treasured items.
